About the Turkish Journal of Nephrology

Turkish Journal of Nephrology is a peer reviewed, open access, online-only journal published by the Turkish Society of Nephrology.

Turkish Journal of Nephrology is a quarterly journal that is published in English in January, April, July, and October.

Journal History

As of January 2019, the journal has changed its title to Turkish Journal of Nephrology.

Current Title (2019-)

Turkish Journal of Nephrology
EISSN: 2667-4440

Previous Title (1995-2018)

Turkish Nephrology, Dialysis and Transplantation Journal
ISSN: 1300-7718

Abstracting and Indexing

Turkish Journal of Nephrology is covered in the following abstracting and indexing databases; Web of Science-Emerging Sources Citation Index, Scopus, DOAJ, EBSCO, Gale, CNKI, TUBITAK ULAKBIM TR Index.

All content published in the journal is permanently archived in Portico.

Aims, Scope, and Audience

Turkish Journal of Nephrology aims to publish studies of the highest scientific and clinical value, and encourages the submission of high-quality research that advances the understanding and treatment on the fields of nephrology, dialysis and transplantation.

Turkish Journal of Nephrology covers a wide range of topics related to etiology, pathogenesis and treatment of kidney diseases, hypertension, acid-base and electrolyte disorders, dialysis therapies, kidney transplantation. In addition, studies focusing on socioeconomic aspects of kidney diseases and their treatments are also of interest to the journal.

Turkish Journal of Nephrology publishes original articles, reviews, letters to the editor, editorial comments, opinion articles, and images in nephrology that are prepared in accordance with the ethical guidelines.

Turkish Journal of Nephrology also contributes to the literature by publishing summaries from the Annual Registry Report of the Turkish Society of Nephrology. The society has been collecting data on end-stage kidney disease since 1990 that has turned into the most comprehensive regional archive. Turkish Journal of Nephrology aims to share this regional data with the international community.

The target audience of the journal includes specialists and professionals working and interested in all disciplines of nephrology and kidney care.

Open Access Policy

Turkish Journal of Nephrology is an open access publication.

Starting on January 2019, all content published in the journal is licensed under the Creative Commons Attribution (CC BY) 4.0 International License which allows third parties to use the content for non-commercial purposes as long as they give credit to the original work. This license allows for the content to be shared and adapted for non-commercial purposes, promoting the dissemination and use of the research published in the journal.

The content published before January 2019 was licensed under a traditional copyright, but the archive is still available for free access.

All published content is available online, free of charge at <https://turkjnephrol.org/EN>.

Copyright Policy

A Copyright Agreement and Acknowledgement of Authorship form should be submitted with all manuscripts. By signing this form, authors agree that the article, if accepted for publication by the Turkish Journal of Nephrology, will be licensed under a Creative Commons Attribution (CC BY) 4.0 International License which allows third parties to read, copy and redistribute the material in any format and adapt the material for any purpose immediately upon publication by giving the appropriate credit to the original work.

Publication Fee Policy

Turkish Journal of Nephrology is funded by the Turkish Society of Nephrology. Authors are not required to pay any fees during the evaluation and publication process.

You can find the current version of the Instructions to Authors at <https://turkjnephrol.org/en/instructions-to-authors-1013>
